

PROMISE ELIJAH

FRONTEND WEB DEVELOPER | JAVASCRIPT
DEVELOPER | REACT.JS ENGINEER

OPEN TO
REMOTE ROLES

</> DEV PR-EL

TECHNICAL SKILLS CORE TECHNOLOGIES

- JavaScript (ES6+)
- TypeScript (Learning)
- HTML5
- CSS3
- JSON

FRONTEND

- React.js
- Redux Toolkit
- Tailwind CSS
- Bootstrap
- Responsive Design
- Flexbox
- WordPress

BACKEND (LEARNING)

- Node.js
- Express.js
- REST APIs
- MongoDB

TOOLS & TECHNOLOGIES

- Git & GitHub
- VS Code
- Vite
- Figma
- Vercel
- Postman

CORE STRENGTHS

- JavaScript Development
- React.js Development
- Frontend Architecture
- REST API Integration
- Responsive Design
- Performance Optimization
- Problem Solving
- Clean Code
- Cross-functional Collaboration
- Agile & Remote Collaboration

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive web applications using React, JavaScript, Redux Toolkit, and Tailwind CSS. Passionate about creating intuitive user experiences, collaborating with cross-functional teams, and continuously improving through real-world startup projects. Currently expanding my skills in React Native, Node.js, Express.js, and MongoDB.

Currently contributing to two startup products — AgroBridge (AgTech) and HedgeNest (FinTech) — where I build interfaces that create impact and deliver great user experiences.

FEATURED PROJECTS

AgroBridge (AgTech Startup) Role: Frontend Developer

AgroBridge is a tech-driven platform that connects farmers to reliable buyers with full app experience or simple USSD access for those without smartphones.

Key Contributions:

- Built reusable React components.
- Developed responsive React interfaces for an AgTech platform connecting farmers and buyers.
- Collaborated with designers and backend developers to implement product requirements.
- Built reusable UI components with React and Tailwind CSS.
- Optimized responsiveness across desktop and mobile devices.

Tech Stack: React.js, JavaScript, Native CSS, Vercel

Live: agro-bridge-web-app.vercel.app

RELEVANT COURSEWORK

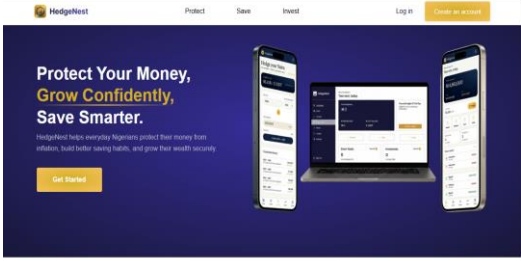

- React
- JavaScript ES6+
- REST APIs
- Responsive Design
- Git & GitHub
- Tailwind CSS
- Frontend Performance
- API Integration
- REST APIs
- State Management (Redux Toolkit)

PROFESSIONAL SKILL

- Team Collaboration
- Communication
- Problem Solving
- Continuous Learning
- Attention to Detail
- Time Management
- Agile Development

LANGUAGES

- English (Fluent)
- Yoruba (Native)
- Akwa-Ibom (Native)
- Igbo (Native)

HedgeNest (FinTech Platform)
Role: Frontend Engineer

HedgeNest helps everyday Nigerians protect their money from inflation, build better saving habits, and grow their wealth securely.

Key Contributions:

- Built scalable React.js interfaces.
- Integrated REST APIs and managed state with Redux Toolkit.
- Implemented authentication & validation with Zod.
- Optimized performance and
- Built reusable React components.
- Integrated REST APIs using Axios.
- Managed global application state with Redux Toolkit.
- Implemented authentication and form validation using Zod.
- Improved user experience through responsive layouts and performance optimization.

Tech Stack: React.js, Redux Toolkit, Tailwind CSS, Axios, Zod, Vite
Live: hedge-nest.vercel.app

PROFESSIONAL EXPERIENCE

Frontend Developer 2024 – Present

AgroBridge (Startup) Remote

- Play a key role in building and delivering the frontend for AgroBridge's platform.
- Collaborate with product designers and backend developers to implement features.
- Write clean, reusable, and maintainable code following best practices.
- Ensure responsive design, performance, and cross-browser compatibility.
- Participate in deployment and version control using Git, GitHub, and Vercel.

Founder & Frontend Developer 2023 – Present

PR-EL TECH HUB Lagos, Nigeria

- Lead technology consulting and software implementation projects for businesses.
- Develop responsive websites and web applications using React, JavaScript, HTML, CSS.
- Deliver IT infrastructure solutions including networking, CCTV deployment, and software installation.
- Advise clients on digital transformation strategies that improve productivity and efficiency.

EDUCATION & CERTIFICATIONS

Frontend Software Engineering Immersive 2026

The Curve Africa

- Comprehensive training in modern frontend development and industry-standard engineering practices.
- Specialized in React.js, Redux Toolkit, API integration, performance optimization, and agile collaboration.

OPEN TO INTERNSHIP & JUNIOR FRONTEND ROLES
